LEAD@TMS

Our students are our future.

They will become the leaders of character and intellect that we will need to make a difference in Singapore and beyond.

With this vision, Temasek Secondary School has developed LEAD@TMS and has equipped students with leadership skills and values over the years. The school seeks to provide students with leadership training and platforms to strengthen the learning they have learnt.

LEAD@TMS strives to develop students beyond Temasek Secondary School through the Young Leaders Programme, a series of events and workshops that are age-appropriate for young participants who wish to learn more about leadership.

We hope that the Young Leaders Programme will excite your students to seize new and exciting opportunities in the future.

The Young Leaders Camp

Young leaders need basic skills to lead their peers during school events and activities. These include knowing how to share instructions and how to ideate activities to engage their teams.

The Young Leaders Camp is a two-day workshop where students will learn team-building skills, facilitation skills and games creation.

They will have the opportunity to interact with students from other schools, learn how to network and share ideas and knowledge with them.
